## With Teeth

**Nine Inch Nails** 

She comes along She gets inside She makes you better than, anything you've tried It's in her kiss Black as sea And it runs deeper than you, dared to dream it could be With teeth With teeth With teeth With teeth Wave good bye To what you were The rules have changed, the lines begin to blur She makes you hard It comes on strong You finally found, the place where you belong With teeth With teeth With teeth With teeth I cannot go through this again With teeth With teeth With teeth With teeth She will not let you go Keeps on and on She will not let you go Keeps on and on This time I'm not coming back She will not let you go This time I'm not coming back She will not let you go
