

# Get Back

Nine Lashes

I guess you don't believe me now  
You never wanted this  
Back turned and the wind is all you have  
It's all you needed

You're alright, you're alright now  
(You believe what you want to)  
Gone somehow, you've gone somehow  
But I'm waiting for you

Get back to where you once believed  
Get back, get back  
You want so bad to bury me  
Get back, get back

A far cry from a picture perfect calm  
Or can you see it?  
A bright light from a distance leaves you dark  
You're never free here

You're alright, you're alright now  
(You believe what you want to)  
Gone somehow, you've gone somehow  
But I'm waiting for you

Get back to where you once believed  
Get back, get back  
You want so bad to bury me  
Get back, get back

You never knew that's what I had in mind (had in mind)  
I made a way but you have run so far now  
Whatever thing that you just had to find (had to find)  
You'll never see it but it kills you slowly  
Yeah, it's gonna kill you slowly  
Yeah, it's gonna kill you slowly

Get back to where you once believed  
Get back, get back  
You want so bad to bury me  
Get back, get back

Get back to where you once believed  
Get back, get back  
You want so bad to bury me  
Get back, get back
