

In The Dark

Nine Lashes

I don't wanna walk around the maze
(The clouds hang above)
I can't find the way out
I don't wanna wander here for days
(They darken the sun)
I can't find the way out

The shadows surround me
I've never been here before

I need You to save me
Feels like I'm falling apart
Pain led the way here
Left me for dead in the dark

I can feel the ground begin to cave
(The rain start to fall)
Could You show the way out?
I know I'm gonna fall as it decays
(I'll drown in the flood)
Could You make the way out?

The shadows surround me
I've never been here before

I need You to save me
Feels like I'm falling apart
Pain led the way here
Left me for dead in the dark
Without You I'm faded
Fear found its way to the heart
I need You to save me
Don't let me die in the dark
In the dark

Save me
Save me

I need You to save me
Feels like I'm falling apart
Pain led the way here
Left me for dead in the dark
Without You I'm faded
Fear found its way to the heart
I need You to save me
Don't let me die in the dark
In the dark
