

# Where I Belong

Nine Lashes

As dark as the night  
A terrible sight  
I wandered far away from home  
No way to escape  
Though try as I might  
But You found a gate to my surprise

I never knew You were there  
Just wanting to help me up when the road got hard  
I'll never go there again  
Discovering where You are, where You are

I tried to carry the ache alone  
Thought I could brave the cold (woah, woah oh)  
I found that I couldn't change the old  
Never could break the mold (woah, woah oh)  
So take my slow beating heart  
You are where I belong

A sleight of the hand  
A change in the plan  
I'd had it nearly figured out  
Could not understand  
Was I at the end?  
I'd only sought to play pretend

I never knew You were there  
Just wanting to help me up when the road got hard  
I'll never go there again  
Discovering where You are, where You are

I tried to carry the ache alone  
Thought I could brave the cold (woah, woah oh)  
I found that I couldn't change the old  
Never could break the mold (woah, woah oh)  
So take my slow beating heart  
You are where I belong

You are, You are the only one  
You are, You are the only  
You are, You are the only one  
You are, You are the only  
The only

I tried to carry the ache alone  
Thought I could brave the cold (woah, woah oh)  
I found that I couldn't change the old  
Never could break the mold (woah, woah oh)  
So take my slow beating heart  
You are where I belong
