

# Sex Training

## Ninja Sex Party

So you want to be a great lover  
Ninja Sex Party will help you train  
So much knowledge to discover  
We'll shoot a hot load of wisdom all over your brain

Let's go! It's time for sex training  
Put on your weightlifting gloves and a thong  
You've been chosen by angels  
Now you're the master of your destiny and your shlong

### Lesson one

You need to sharpen your senses  
So get in the closet and contemplate boobs  
We'll wait out here with your girlfriend  
Unrelated question:  
Where do you keep all your lube?

Rock on! Now stay in that closet  
You rule! And also we locked you inside  
There is no reason to doubt us  
This is what happens when science and romance collide

### Lesson two

Now you should buy us all nachos  
But not for yourself. You're training. No food!  
And get an energy drink for your girlfriend  
She needs to rehydrate  
Although we've been giving her fluids

Oh yeah! You don't have to pay us  
We're just happy that we could help  
You can come back in an hour  
Fondle my balls!  
Sorry. I was talking to someone else

You're now a total dickmaster  
All hail the Lord of Vaginas and Time!  
Go forth and satisfy millions  
Oh by the way we'll have sex with your girl at the chime

Yay!
