

# We Close Our Eyes

Ninja Sex Party

We close our eyes, we close our eyes  
We close our eyes and dream  
And the world has turned around again

When everybody is running in the big race  
And having a good time  
Who am I to cast a shadow?  
Who am I?

I looked Death in the face last night  
I saw him in a mirror  
And he simply smiled  
He told me not to worry  
He told me just to take my time

We close our eyes, we close our eyes  
And the world has turned around again  
We close our eyes and dream  
And another year has come and gone  
We close our eyes, we close our eyes  
And the world has turned around again  
We close our eyes and dream

And if you come to me  
And if you touch my hand  
I might just slip away  
I might just disappear—who am I

And if you think I'm worth it  
And if you think it's not too late  
We might start falling  
If we don't try too hard  
We might start falling in love

We close our eyes, we close our eyes  
And the world has turned around again  
We close our eyes and dream  
And another year has come and gone  
We close our eyes, we close our eyes  
And the world has turned around again  
We close our eyes and dream

We're on a healing path  
We're on a rollercoaster ride  
That can never turn back  
And if you love me  
And if you really try  
To make the seconds count  
Then we can close our eyes

We close our eyes, we close our eyes  
And the world has turned around again  
We close our eyes and dream  
And another year has come and gone  
We close our eyes, we close our eyes  
And the world has turned around again  
We close our eyes and dream...
