

I came to get money, but now that I got it
Hate on a nigga, but they just starving
She throw me that pussy, but I never caught it
You askin me 'why you won't? '... It got too much mileage,
Ooooo, you're looking at a 1 of 1
Ooooo, I'll show you how the shit is done,
Ooooo, my chain look like it weigh a ton
Ooooo, just look at what I've become.

I make a grill, walk inside the shit then I take my pick, I take a shit,
On all you fake niggas when I drop my shit,
I run my shit, I own my shit,
I'm on my shit, I'm on some shit,
Some owner shit, some more of shit. I pay my rent,
I pay my team, They make me rich, I make them rich
Ain't that some shit, now watch this look
More cash, more money, more fame,
I'm the realest nigga in this fucking game
I came up, off the corner, all grind,
Make these cracker niggas respect my mind
I run my shit, I'm on my shit, I'm on some shit
Some owner shit, Range Rover shit,
I came to slice bread off the loaf and shit,
And get you niggas off that feet up on the sofa shit

I came to get money, but now I got it
Hate on a nigga, but they just starving
She throw me that pussy, but I never caught it
You askin me "why you won't? "... It got too much mileage,
Ooooo, you're looking at a 1 of 1
Ooooo, I'll show you how the shit is done,
Ooooo, my chain look like it weigh a ton

To be specific in some west side neighborhood Crenshaw district,
Slauson Ave CRIPPIN... anybody killin'
Don't give a fuck about a bitch or a nigga
Yeah they quote my raps like scriptures,
They say I shop like hipsters, I drive cars like a rich nigga
And probably pull up with yo hoe Oh
6 to 0 fo sure, get dough, pulling up in my show
Been about the bank roll, make this mil to lego
Busting whipping change clothes, money power and hoes
Hoe hoe

I came to get money, but now I got it
Hate on a nigga, but they just starving
She taught me that pussy, but I never caught it
You askin me "why you won't? "... It got too much mileage,
Ooooo, you're looking at the 1 of 1
Ooooo, I'll show you how the shit is done,

A hundred pints that's a hundred grand
Bring your money if you want it dead
I'm the man don't you understand?
My pack loud like a fucking band
Big choppers like the taliban
All these records breakin rubber bands
I love my haters they my biggest fans,
I'm on the field they just sit in stands
I let em watch me while I make these plays,
Six touchdowns in they face
That's somethin to hate on,
On the block air get this money on
OG rolled in my swishers
Activist poor in my sprite
That little bitch look bad
She got ass and I wanna fuck BAD!

I came to get money, but now I got it
Hate on a nigga, but they just starving
She throw me that pussy, but I never caught it
You askin me "why you won't? "... It got too much mileage,
Ooooo, you're looking at a 1 of 1
Ooooo, I'll show you how the shit is done,
Ooooo, my chain look like it weigh a ton
Ooooo, just look at what I've become.
