

4 In The Mornin

Nipsey Hussle

It's that 4 in the morning shit

I'm off this Red Bull

I got a head full

A nigga stressed out, let's get this bed full

Sexual healing; so appealing

You a bad bitch, I'm a real nigga

Tell me that you love me

I tell you the same

That's a fucking shame

We both runnin' game

I just want your pleasure

You just want my pain

I just want you all for me and you just want the same

Let's take a flight; let's live this life

Let's get a hotel, let's both spend a night

I'm a busy nigga, you a busy girl

It's a fast life we liven' in this busy world

We in my fast car, you ain't no fast broad

You got yo' heart broke, he did yo' ass wrong

Plus yo' dad gone, let me be yo' daddy

I wanna see you happy we both come from broken families

You can tell the truth, I'm a tell it too

We gon' smoke this weed 'til they kick us out the room

Like fuck it, that's life

Fuckin' tonight; we fuckin' right?

You fuckin' right

I ain't goon' lie to you; I know I'm fly to you

Nah, fuck that girl I'm the sky to you

Ocean in the clouds; birds and the bees

Your friends proud when they know that you fuckin' with me

I got you poppin', I'll take you shoppin'

Around the world; started on Slauson

That's real shit; real shit

I know all my real bitches feel this

4 in the morning, tell me that you want it

Bend you over, I got you moaning

You love this shit, you want this shit

You got this shit, no politics

Smoke something with you?

It's like we pouring' some more drink

Get yours, I got mine

This that real shit

Sittin' on the top floor of the fly ass hotel drunk as fuck with a bad bitch

Make you appreciate life

Nigga work hard you know

7 days a week we do this shit

You should do it with me

When I'm gone, shit play this

I ain't trippin' on shit, ain't no rules in this

Fuck 'em all though

Hussle
