

# Bigger Than Life

Nipsey Hussle

I don't want your love  
It's not why I make music  
I owe myself, I told myself back then that I would do this  
And I always look so out of reach  
It just seems so confusing  
That I felt my place in life  
A young black man it's seems so useless  
That I don't want no help  
Just let me suffer through this  
The world would not know Jesus Christ if there was never Judas  
This knife that's in my back  
It'd be the the truth that introduced us  
And the distance inbetween us  
It's the proof of my conclusion  
So life is what you make it  
I hope you make a movement  
Hope your opportunity survives the opportunist  
Hoping as you walk across the sand you see my shoeprint  
And you follow, til it change your life, it's all an evolution  
And I hope you find your passion, cause I found mine in this music  
But I hope it's not material cause that's all an illusion  
And they all in colusion  
This racist institution double standard  
Acting like they not the reason we ruthless

Tonight is my night  
This is my moment  
Feeling bigger than life  
But I gotta own it  
It's a victory  
Let's make history

Look at where I started and look at where I'm standing  
Y'all can say it's luck  
But I know that it's planning  
Shout out to the pain  
That gave me understanding  
Shout out to my gang  
It turned me to a savage  
So niggas could say what they want to,  
But I go through what they haven't  
But it's not ego driven, it's not me boasting and bragging  
This road I chose to go down  
Hard to slow down when in traffic  
In order for me to grow I had to let go of some habits  
And it's easy to say I'm on now cause you see it, and it happens  
But before it ever did I had to believe and get it cracking  
So I'm gon take you back then, 32 shots and my mack 10  
With a dream minus the means my early teens was fucking tragic  
And deep inside my mind is buried crimes you can't imagine  
That I wrestle with the night demons that I fight I can't get past it  
So no matter how straight your cash get  
It don't matter if you plastic  
I was looking for the lights and all we stumbled across was flashes  
But tonight...

Bigger than average life

I'm brighter than Vegas lights  
Feeling like I can't lose  
Any other day I do  
It's feels like I'm 8 feet tall  
Tonight is my night  
For sure, for sure

So if it's meant, than it's gon be  
People love it, cause they know it's the real me  
The cops hate it, so they hope my homies kill me  
But I don't want the fame, I just want y'all to feel me  
It's my time, so I'm going in  
We ball till we fall, fuck how the story ends  
We see these niggas hatin'  
I know you hoes plotting  
I ain't worried bout it  
Cause I know God got me  
Say I know God got me  
Yeah I know God got me  
Yeah I know God got me  
See I ain't worried bout it  
Cause I know God got me  
Once in a lifetime shit you know  
Song dedicated to everybody out there with a motherfucking dream  
Fuck what they say, do your shit
