

## Road To Riches

Nipsey Hussle

On the road of riches my course ask my bitches bad  
My low song my big... my pistol stash  
Transition now they won't looking back  
My brother home my daughter straight  
Now what moe could nigga ask  
How sis looking I'm gonna keeping cash  
Cause I'm like that rolex second hand but under crystal black  
I keep moving keep busting till I see arovement  
I know that I can't win em all but I can't keep losing  
I used to tell myself when life seem useless  
When it felt like if I was a... for music  
When pop show is... to pay me that was not exclusive  
Is in the hood but sean courter no excuses  
I... tell you I'm the reason they finish school  
And if they wasn't for... wouldn't made through it  
All on twitter like nigga gonna drop your new shit  
I'm just taking time to make the proper... of my influence  
Couple hundred thousand cash a few haters  
... fees for no cases in a box of blunt slaver I give you  
The streets sell the straight... issue  
All they know my state of mind everything I've been through  
They music for young hustles get they... to the prove of every  
young nigga  
Bangin at what you can do  
My big... go chance swagin  
All money... that I'm sangin at all  
Can't fade em fate can't change em  
Still screaming f\*ck a bitch and this bitches can't play it's t  
rue  
In the game till this... can't play em  
Respect a nigga pimpin because that... we don't save em  
That's right, can't break em cause these niggas...  
Make em steal... but I'll be... let's pray
