

## Beans

Nirvana

I don't like you  
And I'm gonna beat you up

Beans, beans, beans  
Jessie had some beans  
He was happy, happy, happy  
And there he ate some beans

Sitting naked, naked  
Sitting cross-legged  
Naked, naked, naked  
And he was happy, happy, happy  
That he ate some beans

Wine, wine, wine  
Jessie had some wine  
He was happy, happy, happy  
And he ate some wine

Beans, beans, beans  
Daddy ate some beans  
And he drank some wine  
And he was happy, happy, happy  
That he drank some beans
