

## Clean up before she comes

Nirvana

Clean up before she comes (5x)  
Living in a dusty town (3x)

Something in her eyes  
Must be the smoke from my lungs  
Something in her eyes  
Must be the smoke from my lungs

Twenty months has it all  
I must be getting old  
I must be getting old  
I must be getting old

Something in her eyes...

Clean up the dusty town  
Living in a dusty town (3x)  
Clean up before she comes (3x)  
Living in a dusty town

I must be getting old  
I must be getting old

I'm starting to eat my vegetables
