

Curmudgeon

Nirvana

I can handle
Arm the mentor
I love sad
Until I'm home
It's the season
I'm all reason
I have seeked and
I have ghosts

She's at the seams
She don't need
She don't need
She don't need
At the seams
And I'll seem
End the seam
She don't need
At the seams

I'm a letter
I'm a panda
I said something
In the guard

In the handle
On the mantle
I know Santa
I met God

She's the seam
She don't need
She don't need
Cheat on me
She don't need
At the seams
At the seams
At the seams
She don't need

I'm a lady
Can you save me
It's the sulfur
I have drunk

'Tis the season
I'm all reason
I have fleas and
Run on home

She's the seam
She don't need
She don't need
She don't need
She don't need
She don't need
She don't need
At the seams

At the seams
Cheat on me
