

# Do Re Mi

Nirvana

If I may  
If I might  
lay me down weeping

If I say  
What is like  
I might be dreaming

If I may  
What is right  
So many time, see me heal

Those years in his vomit  
A phrase from his pocket  
And chains holding the wind, I won't be  
Ref:  
Do re mi

If I may  
If I'm right  
wake me up, see me

If I do  
If I like  
Find me how to see me

If I may  
Cold as ice  
I may, how to see me

Raised in his socket  
It fades from his moment  
A chase from his socket I will need

Ray  
Do re mi  
Do re mi  
Do re mi  
Do re mi

Wish me good  
Wish me light  
Break me down, see me

In your way  
Just be quiet  
Follow pain & bleed me

Yell or wail  
And if I sigh  
Sink me how, TV

If I may  
And if I might  
Gonna go, to Bleed

Praise in his pocket

Praise from his moment  
A chase from his own in my tea

Ray  
Rape Me  
Don't rape me  
Do re mi  
Do re mi  
Don't rape me  
Do re mi
