

# Don't Want It All

Nirvana

To hope is admittance  
Feed before beginning  
Double-sided cynics  
Reflected image

Don't be so selfish  
Leave in me this

Follow it far  
To find where you are  
You haven't grown  
Go on alone

Never finished his sentence  
Remained in seclusion  
For the next few days  
The family circle noose

He had removed us  
All the styles of heresy

Finally he appeared unexpectedly  
Looking for company
