

## Spank Thru

Nirvana

There's a soft, pretentious mountain  
Listen to the light of the trees  
And all the flowers in the minor  
And the birds fly happily  
We're together once again my love  
I need you back oh baby baby

I can't explain just why  
we lost it from the start.  
Living without you girl,  
you only break my heart.

I can feel it! I can hold it!  
I can bend it, I can shape it, I can mould it  
I can kill it! I can taste it!  
I can spank it! Beat it, masturbate it!

I been looking for day glow  
Always hearing the same old  
City boy won't you spank thru  
I can make it do things  
you wouldn't think it ever could

I can feel it! I can hold it!...

I been looking for day glow...

I've been looking for day glow  
Always hearing the same old  
Sticky beredom with a book  
I can make it do things

You wouldn't think it ever  
You wouldn't think it ever could
