

Verse Chorus Verse

Nirvana

Neither side is sacred
No one wants to win
Feeling so sedated
Think I'll just give in
Taking medication
Till my stomach's full
Neither side is sacred
Crawling in the hole

The grass is greener
Over here
You're the fog that
Keeps it clear
Re-inventing
What we knew
Taken time is
All but true
You're the reason
I feel pain
Feels so good to
Feel again

Neither side is sacred
No one wants to win
Feeling so sedated
But I can't give in
Taking medication
Till my stomach's full
Feelin so sedated
When I'm in my home

The grass is greener...

Oh
