I am buried up to my neck in Contradictionary flies I take pride as the king of illiterature I'm very ape and very nice

If you ever need anything please don't Hesitate to ask someone else first I'm too busy acting like I'm not naive I've seen it all, I was here first

Out of the ground Into the sky Out of the sky Into the dirt

If you ever need anything please don't Hesitate to ask someone else first I'm too busy acting like I'm not naive I've seen it all, I was here first

Out of the ground Into the sky
Out of the sky
Into the ground

Out of the ground Into the sky Out of the sky Into the dirt
