

## Say Hello

Nitin Sawhney

"Another speaker was Mr Enoch Powell who was sacked from the shadow cabinet earlier this year, for his extreme and publicly stated views on immigration".

"I have a dream that my four little children will one day live in a nation where they will not be judged by the colour of their skin but by the content of their character".

I know you needed a friend  
I know you needed some blue skies  
You need some laughter again  
Till magic returns to your blue eyes

You're lost in a circle of pain  
Where's it all going?  
Each day is, the same  
Where are you going?

Say hello, say hello  
You're never alone  
Say hello, say hello  
You're never alone

Something inside of yourself  
When darkness approaches your silence  
Freedom's forgotten her name  
Nothing makes sense you don't complain

Everything started to fall  
Where's it all going?  
Can't make any sense of it all  
Where am I going?

Say hello, say hello  
You're never alone  
Say hello, say hello  
You're never alone
