"Another speaker was Mr Enoch Powell who was sacked from the sh adow cabinet earlier this year, for his extreme and publicly st ated views on immigration".

"I have a dream that my four little children will one day live in a nation where they will not be judged by the colour of their r skin but by the content of their character".

I know you needed a friend
I know you needed some blue skies
You need some laughter again
Till magic returns to your blue eyes

You're lost in a circle of pain Where's it all going?
Each day is, the same
Where are you going?

Say hello, say hello You're never alone Say hello, say hello You're never alone

Something inside of yourself When darkness approaches your silence Freedom's forgotten her name Nothing makes sense you don't complain

Everything started to fall Where's it all going?
Can't make any sense of it all Where am I going?

Say hello, say hello You're never alone Say hello, say hello You're never alone
