

Bike In Head

Nits

Wake me up
Sunray
On this bright sunny summerday
Leave my bed
Bike in head
Clear blue sky
Bird and kite
On this day
Time is on my side
Someone said
Bike in head
On a shadow lane
Between big trees
Bike-chain spins
And frame freezes
I have seen the vilages in green
Meadows cut by ditches in between
Lines I've read
Bike in head
Can't you hear
Can't you hear what they say
Can't you hear
Artis bought an elephant today
Wake me up
Sun-ray
On this bright sunny summerday
Leave my bed
Bike in head
Is this the real world!
Am I alive
Is this the real world!
Am I alive
Is this the real world!
Is this the real world!
