

I'm taking my time
I am travelling
I am travelling
You taking your time
You are travelling
You are travelling

It makes no difference
What they say
Tomorrow we will sail away
It makes no difference
Where we are
Every night a falling star
In cabins
On a black sea
In cabins
On a black sea
Kiss me

I'm biding my time
I'm not worrying
I'm not worrying
You biding your time
You're not worrying
You're not worrying

It makes no difference
What they say
Tomorrow we are far away
It makes no difference
Where we are
Every night a falling star
In cabins
On a black sea
In cabins
On a black sea
Kiss me
