

Desert Island Song

Nits

It's a terrible waste
To be stuck here in nowhere
I'm calling your name
It's a terrible day
To be in this wasteland
I'm calling your name
Just your name

It's a terrible day
To be in this wasteland
I'm calling your name
It's a terrible waste
To be stuck here in nowhere
I'm calling your name
Just your name

And it's so long ago
And you're so far away

It's a terrible waste
To be stuck here in nowhere
I'm calling your name
It's a terrible day
To be in this wasteland
I'm calling your name
Just your name
