

I tried to be afraid  
But you said that it was too late  
I tried to be alone  
But you said that I wanted this home

But I try (I try), I try  
I try (I try), I try

I try to be like you  
But you never wanted that I  
Wanted it, too  
But I try to be around  
Somehow, sometime I was found

I try (I try), I try  
I try (I try), I try

And I have seen mirrors black  
In a room by the sea  
When we came back  
Sometimes it's a sunny day  
You lift your head and walk away

But I try (I try), I try  
I try (I try), I try

I tried to be afraid  
But you said I was much too late  
I tried to be alone  
But you said I just wanted this home

I try, I try, I try, I try  
I try, I try, I try, I try

I try
