

I Try

Nits

I tried to be afraid
But you said that it was too late
I tried to be alone
But you said that I wanted this home

But I try (I try), I try
I try (I try), I try

I try to be like you
But you never wanted that I
Wanted it, too
But I try to be around
Somehow, sometime I was found

I try (I try), I try
I try (I try), I try

And I have seen mirrors black
In a room by the sea
When we came back
Sometimes it's a sunny day
You lift your head and walk away

But I try (I try), I try
I try (I try), I try

I tried to be afraid
But you said I was much too late
I tried to be alone
But you said I just wanted this home

I try, I try, I try, I try
I try, I try, I try, I try

I try
