

Office At Night

Nits

In the office at night
Someone switched off the light
Young man standing by the window
Looking down on the street below
In the office at night
And the light falls through
The windows on the sidewalks
And the light falls through
The windows on the sidewalks
On the corner at night
There's a bar with some tables
Near the window
Coloured squares where the
Nighthawks meet
Creeping out of the dark street
On the corner at night
And the light falls through
The windows on the sidewalks
And the light falls through
The windows on the sidewalks
