

Saint Louis Avenue

Nits

On Saint Louis Avenue
There's something in the air
My heart beats like a hammer

On Saint Louis Avenue
Cathedral bells and cars
Are singing when I meet her

"You came today...
I am living one day ahead of time"
She said

On Saint Louis Avenue
There's something in my head
I wish I could remember

On Saint Louis Avenue
A cloud fell on the street
It's so hard to find her

"You came today...
I am living one day ahead of time"
She said
