

Slip Of The Tongue

Nits

Beware of the slip of the tongue
Don't say nothing
When the company's wrong
You smile and they're shaking your hand
When you're older you will understand
So you be silent
Be silent

Beware of the slip of the tongue
Don't say nothing
When the company's wrong
You smile and they're shaking your hand
When you're older you will understand
So you be silent
Be silent
Do you - be silent
Be silent

Beware of the slip of the tongue
Don't say nothing
When the company's wrong
You smile and they're shaking your hand
When you're older you will understand
So you be silent
Be silent
