

Spirits Awake

Nits

Shake your rattle, fly your kite
There's evil in the dark
Spirits awake, spirits awake

Hear the sad song on the water
Someone passed away
Spirits awake, spirits awake

Two worlds side by side
In broad daylight, in darkest night
Spirits awake, spirits awake

Don't offend the ghosts
The jinns that hide behind the bush
Spirits awake

You cannot see them, you cannot touch them
Yet they're all too real
Spirits awake, spirits awake

Did you see the garden girls go by?
Spirits awake
Did you see the garden girls go by?
Spirits awake
