

# Tree Is Falling

Nits

When I was a young boy  
I was swimming in the river  
Drinking the water  
When I was young

When she was a young girl  
She was diving in the water  
Drinking the river  
When she was young

Tree is falling  
Tree is falling  
Tree is falling  
(And I'm standing)  
Tree is falling  
Tree is falling  
Tree is falling  
(I'm still living)

I'm still living  
(I'm still living)

When I was a young boy  
I was living in the city  
Watching the river  
When I was young

When she was a young girl  
She was walking through a wood  
Picking up the flowers  
When she was young

Tree is falling  
Tree is falling  
Tree is falling  
(And I'm standing)  
Tree is falling  
Tree is falling  
Tree is falling  
(I'm still living)

(I'm still living)  
(I'm still living)

Tree is falling  
Tree is falling  
Tree is falling

When I was a young boy  
I was swimming in the river  
Drinking the water  
When I was young
