

Uncle On Mars

Nits

I said it's incredible
You said it's not true at all
Car hits car kills car hits car kills
I said it's a miracle
You said it's incredible
Car hits car kills car hits car kills
My uncle went to Mars he is out there
Looking at the stars uncle on Mars
My uncle went to Mars he is out there
Looking at the stars uncle on Mars
I said it's incredible
You said it's not true at all
Car hits bikes and family targets
I said it's a miracle
You said it's not true at all
Car hits car kills car hits car kills
My uncle went to Mars he is out there
Looking at the stars uncle on Mars
My uncle went to Mars he is out there
Looking at the stars uncle on Mars
Breakfast in those strange hotels
No one listens no one tells
Running in dark cinemas
Looking for the exit
