

# What We Did On Our Holidays

Nits

I don't want to sleep tonight  
Outside it's raining  
No one's complaining  
But me

I don't want to talk today  
No one is staying  
Everybody's flying  
Away

What we did  
What we did on our holidays

Romeo and Juliet  
Lying on the bed they say  
They killed them on the street today

I've got my pockets filled with sand  
They send a rocket to a land  
I guess they never understand

What we did (what we did)  
What we did on our holidays  
What we did (what we did)  
What we did on our holidays

What we did  
What we did on our holidays  
What we did (what we did)  
What we did on our holidays

I don't want to sleep tonight  
Outside it's raining  
No one's complaining  
But me
