

# Have Mercy

Nivea

Baby (baby.. mmm)  
What can I do to make you forgive me  
For ever cheating on you  
See I was a fool, I plead insanity  
I throw myself at your mercy  
So do what you will with me

Have mercy, mercy, mercy on me  
For cheatin on you  
I don't know what I was thinking  
Cause nobody could do me like you

Have mercy, mercy, mercy on me  
For cheatin on you  
I don't know what I was thinking  
Cause nobody could do me like you

Lover, do you hear me  
I took your love for granted but now I see, I see  
I should've never let him in, I just misunderstood

When I thought he'd give me what you already could

Have mercy, mercy, mercy on me  
For cheatin on you  
I don't know what I was thinking  
Cause nobody could do me like you

Have mercy, mercy, mercy on me  
For cheatin on you  
I don't know what I was thinking  
Cause nobody could do me like you

Yeah  
Well-well-well-well  
Alright...mmmmm-mmmm  
Have mercy on me

Have mercy, mercy, mercy on me  
For cheatin on you  
I don't know what I was thinking  
Cause nobody can do me like you
