No more no more no more no more no more

No more no more no more no more no more

No more no more no more no more no more
I can't take it no more

I'm sick of all these folk tellin' lies to me tryna steal my dreams
And I can't believe the one I trusted with my life took everything
That he could steal from me I didn't know a thing
My momma cryin' to me cus she tired of working and she ain't healthy
And it's killin' me cus I know I worked enough to help my family
But they still struggling I'm goin' crazy oh

No more no more no more no more no more
(I can't take this shit no more)
No more no more no more no more no more
(Just can't take this no more)
No more no more no more no more no more
(I can't take this shit no more oh yea)
No more no more no more no more no more
I can't take it no more

I got a grandma pushin' sixty ridin' border
For some Foodstamp dollars make me wanna holla
And I know somebody hear just what I'm talkin' 'bout
I almost had a spouse 'til he put me out
See my sister got three babies and they need me
My daddy scares me cus I know he's hurting
I'm tired of tryna save the world when I can't save my self
What's the use of even tryin' when it ain't nothin' left
Sometimes I just want to cry when I think about the things thats happened to
me

No more no more no more no more no more
(I can't take this shit no more)
No more no more no more no more no more
(I am walkin' out the door yeah)
No more no more no more no more no more
(Ain't no comin' back I'm tired y'all)
No more no more no more no more no more
I can't take it no more

See I just want y'all to feel me
Hey I know that you been through some things that made ya walk away
Keep your head up just hold on
Just can't take this shit no more

No more no more no more no more no more
(I can't take this shit no more)
No more no more no more no more no more
(Hey I am walkin' out the door)
No more no more no more no more no more
(Ain't no turnin' back I'm tired)
No more no more no more no more no more

I can't take it no more

No more no more no more no more no more

(I can't take this shit no more)

No more no more no more no more no more
