Just packed up in this party  
Tipsy off this Bacardi  
'Bout to take this fine  
So high, say bye, bye

Beep, beep in here all night long  
My girl like, "Hey that's my song"  
'Cos I'm feeling bad  
So bad, so fine

All the girls that feel me say  
(Oh yeah)  
In the club you hear me say  
(Oh yeah)  
Feeling good, feeling great  
I look good, don't hate

If a fella's feeling you, say  
(Oh yeah)  
And they're liking what you do say  
(Oh yeah)  
Feeling good, feeling great  
You look good but don't hate

All my girls get your hair fixed  
And your nails done  
Put your hands up and say  
Okay, okay, okay, okay

You got a drink? Get another one  
Make 'em pay for it  
Put your hands up and say  
Okay, okay, okay, okay

Your hands all over my booty  
Two steppin' in my Gucci  
They're like  
Go girl, go girl, go girl

You like the way I shake it  
You wanna see me naked  
It could be your night  
Your night, your night

All the girls that feel me say  
(Oh yeah)  
In the club you hear me say  
(Oh yeah)  
Feeling good, feeling great  
I look good, don't hate

If a fella's feeling you, say

(Oh yeah)  
And they're liking what you do say  
(Oh yeah)  
Feeling good, feeling great  
You look good, don't hate

And your nails done  
Put your hands up and say
