Infinity

Niykee Heaton

I wanna walk to the edge of the earth
Scream your name till the fires gone
For my loss
I wanna drink till' I don't feel the urge
To run back to you and lay down make me yours
I can still feel your breathe all over me, feeling me
I could f**k with you for eternity, infinity
Turn all the lights on, I could be your lover
I could be the one for you and no one else at all
So how long will it be till you see how bad I need this
I'll give you all if you please, never leave I need to keep it
I could f**k with you for infinity
I wish I'd never touched no one before
I envy the hearts that you've adored, you loved
Don't wanna fight so let's settle the score, tear me apart
But don't let go
I can still feel your breathe all over me feeling me
I could f**k with you for eternity, infinity
Turn all the lights on, I could be your lover
I could be the one for you and no one else at all
So how long will it be till you see how bad I need this
I'll give you all if you please, never leave I need to keep it
I could f**k with you for infinity
Tell me that I'm crazy
Tell me I'm wrong
I will be your baby even when your gone
But I don't wanna tell you that I don't feel you at all
I'll be standing here when your gone
I can still feel your breathe all over me, feeling me
I could f**k with you for eternity, infinity
Turn all the lights on, I could be your lover
I could be the one for you and no one else at all
So how long will it be till you see how bad I need this
I'll give you all if you please, never leave I need to keep it
I could f**k with you for infinity
I could f**k with you for infinity
I could f**k with you for infinity
