

Kill' Em All

Niykee Heaton

[Chorus]

Baby whatcha gotta say?

Imma do you right, Imma love you every single day

They don't know you anyway, so right, no one else can make me feel the same

You're a natural born killer. Wanted dead or alive, baby Imma ride with ya, ayy

Nobody else gets ya, I'm saying, you kill 'em all. You kill 'em all

[Verse]

Baby, I'm in love with your bad habits. Ay, ay

If you're a drug, I gotta have it. Ayy

You're not perfect, but every little move you make, it's all worth it

It's like you're speaking my language. Baby

Just the way you are, I can tell you hate being alone. Oh

Hoping you won't break my heart, but I have a feeling you won't. Oh

[Pre-Chorus]

I ain't gonna fake it. Feelin' like you should know

I just want ya, I just want ya baby. Oh

[Chorus]

[Verse 2]

See it on your face, I know you want it. Ay, ay

Only one place, let 'em know you got this. Ayy

Nothing like a first time, baby if you let me imma treat you right

You know you're my favorite, baby

Just the way you talk, I can tell you'll never treat me wrong.

Oh

Gentleman at heart, but, would you take me home? Oh

[Pre-Chorus]

[Chorus]

[Bridge]

Baby, imma leave a light on

And tonight I'm gonna stay strong

Baby imma leave a light on

And you know where I'm at

Know you love it, you'll be coming right back
