

Truth Is

Niykee Heaton

I call it off this summer and it kills me still
I been alone for a while but it don't feel real
And I don't know if I'll get over this pain I feel,
but dammit I'll try
and if you ask me I'll lie

[Chorus:]

But truth is I will never love another like I loved you
Truth is I will never find another like you
And I..I..I.... if you ask me I'll lie

You've been away this summer and have found a new start
And I deleted your number but I know it by heart
And I don't know, I won't know if I'll ever get rid of that part
but dammit I'll try
If you ask me I'll lie

[Chorus]

You call me last night and said your life was all wrong
And you realized you needed my love all along
And I..I said I'd still love you but baby this is gone, our time has gone

But truth is I will never love another like I loved you
Truth is I will never find another like you
And I..I..I.... dammit I'll try
But if you ask me I'll lie

Truth is I will never love another like I loved you
Truth is I will never find another like you
I..I..I.... dammit I'll try
if you ask me I'll lie
And say I never loved you
