

# Heartburn

NLT

She's a heart, she's a heart, she's a heart  
Oh she's heartburn

Wish somebody knew  
What I was goin' through  
I need a doctor to tell me what I should do  
She's killing me  
It's hard to sleep  
Ain't no prescription made to treat what I got

She hit me with it, with it  
And she lets me get it get it  
How could something good like this  
Make me feel so sick?  
Tell me why oh, why  
(why, why)  
She had to set my heart on fire  
Oh she's a heartburn  
And everytime I see her  
She makes my heart burn  
I'm all messed up for real  
I'm telling you she's hot  
The way she moves her body  
The way she shakes her body  
She's ha-ha-ha-ha-ha  
Oh, she's heartburn

Yeah it's kinda strange  
I've been here before  
Know it's bad but I still come back for more  
Guess I'm a fool  
'cause I'm stuck on you  
And I don't care 'cause I just want what you got  
Oh, oh

She hit me with, it with it  
And she lets me get it get it  
How could something good like this  
Make me feel so sick?  
Tell me why oh why  
She had to set my heart  
Oh she's heartburn  
And everytime I see her  
She makes my heart burn  
I'm all messed up for real  
I'm telling you she's hot  
The way she moves her body  
I'm telling you she's  
The way she shakes her body  
She's ha-ha-ha-ha-ha

Oh she's heartburn

Oh she's a heartburn  
And everytime I see her (and everytime)  
She makes my heart burn (she breaks my heart)  
I'm all messed up for real

I'm telling you she's hot  
The way she moves her body  
The way she shakes her body  
(she's hot, she's hot, she's hot)  
She's ha-ha-ha-ha-ha  
Oh she's heartburn

[Repeat Until Fade:]  
She's burning' my heart  
And I can't take no more for real
