Let Me Know

I can't read your mind I need you to say it Plain and simple I would give my life To you Everything you needed Baby I would be it You're the only one I talk to Who really knows me Tells me shows me That it's enough Sometimes Just to be myself I don't want nobody else They don't understand That I gave away my heart The moment That I shook your hand Take my breath away Buy me anything I ask Go anywhere I wanna go I traded everything Just to know Chorus: Let me know you love me Let me know you care Let me know You're thinking of me When I can't be there Let me know you miss me Call me up sometimes I don't wanna go but Воу You gotta let me know Stop and listen It's my thoughts Calling your name Screaming out The way I feel I wish you Would do the same I think you might be On the same border Same line same page I'm tired Listening to your silence Brings the water to my eyes I don't want nobody else They don't understand

That I gave away my heart

The moment That I shook your hand Don't let me in the dark Let this blind over my eyes If you don't feel the same Is everything we have a lie?

(Chorus)

Please Give me a reason to stay Gotta get us back on track Cause the worst thing is Loving someone Who doesn't love you back I think you do But I need you to say it

I can't read your mind Tell me from time to time I need you to say it Need you to tell me (2x)

(Chorus)

I can't read your mind I need you to say it (2x)

Let me know you love me Let me know you care
