Two steps forward
and three steps back
and I don't know where we are
you see it your way
and I see it mine
and we're lost here in the dark

it's not just a matter of talking it out you know it don't mean nothing if there's something to hide I know you know just what I'm talking about There's an unspoken hesitation we both feel inside

Am I here? Am I gone? Tell me where I belong All that I need is a reason Am I wrong? Am I right? Are we saying goodbye? Give me something to believe in Because all I need is a reason

It's complicated and so overrated
To say all we need is love
My baby believe me I wish it was that easy
but sometimes love just ain't enough

This indecision here is wearing me down Can't hold on to something so undefined And I, I got to know if what was lost can be found This situation has got me crazy going out of my mind

Am I here? am I gone? tell me where I belong All that I need is a reason am I wrong? Am I right? are we saying goodbye? Give me something to believe in Because all I need is a reason

If you would only just let your feelings flow All I need is a reason I'd be the one who would never let you go And you'd know I know

All that I need. All I need. All I need.

Am I here? am I gone? tell me where I belong All that I need is a reason am I wrong? Am I right? are we saying goodbye? Give me something to believe in Because all I need is a reason
