

Amaze Me

No Angels

[Sandy:]

Little things that you do
That we share me and you
Always I breath
You suply me with such wonder stuff
just one touch is all I need

[Jess:]

Feels like the fallin into sun
even old storydays
in everyway
feels like we won
As we watched the years go by
Feels like we're still flyin' high

[Refrain:]

Baby you amaze me
You still like me, all my fears
Who would I've ever guess
It will last through it all the reason I believe
can't you see?
you still amaze me
you still amaze me

[Nadja:]

Funny how
everytime that I'm down
you pick me up
you stand by me
When people less
whats the deal
are you still so in love
or maybe it's meant to be

[Lucy:]

Feels like I'm fallin into sun
even when life is life
A fight
feels like we won
As we watched the years go by
Feels like we're still flyin' high

Baby you amaze me
You still like me all my fears
Who would I've ever guess
It will last through the only reason I belive
can't you see?
you still amaze me
you still amaze me
