Anchor Your Love

No Angels

It was the first time we met
I never forget
The way you looked at me
I felt my heart skip a beat
I never thought that I would
Ever find this
Until the moment that I felt your gentle kiss
The way you love me baby
No man has loved me before
I never felt so good
And now I'm wanting you so much more
I wanna stay by your side
And if you treat me right
I never be untrue
And that is why I'm asking you

How can I anchor your love?
Tell me how can we reach the stars above?
It's only you that I'm thinking of
And all the love you bring
Each and every night I'm dreaming

How can I anchor your love?
Your love?
How can I anchor your love?

The precious love that we share
I promised to care
Baby, you look so fine
And I'm so glad that you're mine
I never thought that I would
Fall in love like this
The love you offer me
I just could not resist

The way you love me baby
No man has loved me before
I never felt so good
And now I'm wanting you so much more
Boy when I'm dreaming of love
It's you I'm thinking of
There ain't no other one
Who makes me wanna sing this song

Boy I really like you

How can I anchor your love?
Tell me how can we reach the stars above?
It's only you that I'm thinking of
And all the love you bring
Each and every night I'm dreaming

How can I anchor your love?
Tell me how can we reach the stars above?
It's only you that I'm thinking of
And all the love you bring
Each and every night I'm dreaming

All the love that you bring
I'll give you everything
All the things that you do
I wanna be with you

Everything I gave you everything
And all the love you bring
It's such a precious thing

Everything I gave you everything
And all the love you bring
It's such a precious thing

How can I anchor your love?
Tell me how can we reach the stars above?
It's only you that I'm thinking of
And all the love you bring
Each and every night I'm dreaming

How can I anchor your love?
Tell me how can we reach the stars above?
It's only you that I'm thinking of
And all the love you bring
Each and every night I'm dreaming
