

Stop

No Angels

[Verse 1:]

I know how you roll
First you say you love me
Than say you don't know
Taking it back slowly
Baby we've been down this road an oh yeah
I know how it goes yeah
You say that you're not like before
And I say okay

Show me baby
Prove that you're right
Love me baby
Not just tonight
And don't make any promises
That you can't keep
The only thing that i want you to do is promise me
That you'll ...

[Chorus:]

Stop stop stop stop ... etc.
Before you turn it around
Stop stop stop stop ... etc.

[Verse 2:]

Baby I'm no fool
But I wonder why you do
Those crazy things you do
Saying that you love when
You know it isn't cool yet
You say that it's true
Yea yea
Maybe you're really not like before
And I'm just clueless

Show me baby
Prove that you're right
Love me baby
Not just tonight
And don't make any promises
That you can't keep
The only thing that I want you to do is promise me
That you'll ...

[Chorus:]

Stop stop stop stop ... etc.
Before you turn it around
Stop stop stop stop ... etc.

[Bridge:]

Send me flowers, blow me kisses
Say it's me that your missin'

Give me luvin'
Til the sun comes up
Until your game is done oh love
Call me daily, write me letters
When I'm sad love makes it better
If you can't stay with me
Then before you leave me
Promise me that you'll at least ...

[Chorus:]

Stop ... wait a little longer
Before you let me down
Say you'll stop ... wait a little longer
Before you turn it around
Before you turn it around

Stop stop stop stop ...
