

# Thunderstorm

## No Angels

I can't live with you, I can't live without you  
Boy I love you and I hate you the same  
You're unhealthy but I still gotta have ya  
Like a Drug that I inject in my vein  
And sometimes it feels wrong  
But Sometimes it feels right  
I lie to myself but you're still on my mind  
So fed up, we break up, then make up, once again  
The clouds build up over our heads

[Chorus:]

It's like a thunderstorm  
All we do is fight then take it to a new extreme  
it's like a thunderstorm  
This ain't going nowhere  
Someone get me out of the rain  
I'm stuck in a thunderstorm  
I'm stuck in a Thunderstorm

Everyday I ask myself if it's worth it  
But you're grippin so I can't get away  
When I do you pull me back like a magnet  
It's psychotic how you fuck with my brain  
And I know that it's wrong  
but sometimes it feels right  
You lie to my face then you get me from behind  
So fed up, we make up, once we get out of bed  
it starts pouring down on us again

[Bridge:]

I need some shelter from the storm that's surrounding me  
the rain is pouring down, i can't see in front of me  
Everytime I think of you I'm in misery  
Why won't you let me be...

[Chorus:]

It's like a thunderstorm  
All we do is fight then take it to a new extreme  
it's like a thunderstorm  
This ain't going nowhere  
Someone get me out of the rain  
I'm stuck in a thunderstorm  
I'm stuck in a Thunderstorm
