

# Up Against The Wall

No Angels

I know you see me,tell me why you standing over there  
I'm like a wallpaper baby waiting for you to tear  
I'm ready,breathin heavy,hot & Sweaty,overload  
Let's hideaway in the shadows right,right behind the stairs

Oh,oh,oh,my temperaure's outta control  
Oh,oh,oh,I'm ready to overdose

[Chorus:]

I know you wanna arrest me,  
I'm up against the wall,the wall,the wall  
Come on & cuff me,  
baby I feel your eyes,they undress me  
Come up against the wall,I'm yours,  
come on I'm up against the wall

The wall,the wall  
I'm up against the wall  
The wall,the wall  
I,I'm up against the wall

I don't care,just let em stare  
It's hot when someone sees  
I'm no angel,work the angle like a fantasy  
Speed it up,I need it ruff  
Then beat it nice and slow  
I feel your hands going south  
and I'm about to sream

Oh,oh,oh,my temperaure's outta control  
Oh,oh,oh,I'm ready to overdose

[Chorus]

I wanna feel (I wanna feel)  
I wanna feel you close  
I wanna be,your sensuality

Up against the wall,come on,baby,baby  
Up against the wall,come on,baby,baby  
Up against the wall,come on,baby,baby  
Up against the wall

[Chorus]
