

Skate or Die

No Cash

i'm busting out of this hole
breaking out and breaking in i have got an evil soul
ripping shit with a wicked grin i know my enemies
everyone who's not like me don't ya try and stop me, pig
i'm on my board and now i'm free.

skate or die, skate or die

what the fuck is sense of pride
shut yer mouths and live yer lives
live to skate, skate or die
with this motto i'll survive
we'll rot away on that played out curb
resting on broken glass and dirt
and to all of you who stood in our way:
you will get what you deserve.

skate or die, skate or die
skate or die, skate or die
skate or die, skate or die.
