

The Climb

No Doubt

Step by step
I've come closer to reaching the top
Every step must be placed so that I don't fall off
Looking down to see about how much higher I am
Another cool wind comes through and brushes my skin
The harder I push the tension does grow
I gather my thoughts the further and further I go
With some luck I just might keep on climbing
So better to climb than to face a fall
So high the climb
Can't turn back now
Must keep on climbing up to the clouds
So high the climb Can't turn back now
Must keep on climbing up to the clouds

Pulling myself up by a rope
I better my view
The only thing in sight is what I must do
As I turned I could see myself falling
Which in return save me strength for the climb

So high the climb
Can't turn back now
Must keep on climbing up to the clouds
So high the climb
Can't turn back now
Must keep on climbing up to the clouds

Although many failed I must now prevail with no question
Have no time to stop
Onward to the top of the mountain
And I can't turn back now
Its so very high but I can't turn back now
If I keep it up, I'm gonna make it

I'm so very close can't you see
So high the climb
Can't turn back now
Must keep on climbing up to the clouds
So high the climb
Can't turn back now
Must keep on climbing up to the clouds
I'm getting closer
