I've come closer to reaching the top

Every step must be placed so that I don't fall off

Looking down to see about how much higher I am

Another cool wind comes through and brushes my skin

The harder I push the tension does grow

I gather my thoughts the further and further I go

With some luck I just might keep on climbing

So better to climb than to face a fall

So high the climb

Can't turn back now

Must keep on climbing up to the clouds

So high the climb Can't turn back now

Must keep on climbing up to the clouds

Pulling myself up by a rope
I better my view
The only thing in sight is what I must do
As I turned I could see myself falling
Which in return save me strength for the climb

So high the climb
Can't turn back now
Must keep on climbing up to the clouds
So high the climb
Can't turn back now
Must keep on climbing up to the clouds

Although many failed I must now prevail with no question Have no time to stop
Onward to the top of the mountain
And I can't turn back now
Its so very high but I can't turn back now
If I keep it up, I'm gonna make it

I'm so very close can't you see
So high the climb
Can't turn back now
Must keep on climbing up to the clouds
So high the climb
Can't turn back now
Must keep on climbing up to the clouds
I'm getting closer
