Undone

No Doubt

I'm broke
Let me show you where it hurts
I'm trying to be brave
This wasn't in my plan and nothing you can do, I've changed

It's such a waste

I'm undone
And there's nothing I can do this time, it's all out of my hand
s
And just when I was getting good
Why's it have to end?
I don't understand

And don't leave me behind
This time I need you, nothing's feeling right
Oh, I'm in trouble, help me
No one needs you more than me

I know
I made you feel like you were lucky to have me
But now I'm panicking, I'm lost, you're the one I need
Be patient please
And don't leave me behind
This time I need you, nothing's feeling right
'Cause I'm in trouble, help me
No one needs you more than me

Change me back
Please, change me back
I don't know who I am anymore
I can't take it anymore

And don't leave me behind
This time I need you, nothing's feeling right
'Cause I'm in trouble, help me
No one needs you more than me

No one needs you more than me
